

Our Mission Statement

We exist to teach and live in the Gospel message of Jesus Christ. We partner with parents, the primary educators of their children, as we work together towards developing each child to his/her greatest potential. Each child, regardless of race, cultural heritage, or gender will grow in their self-esteem, discover and develop talents and nurture their natural skills and interests to help them become responsible leaders of tomorrow.

St. Pius X Testimonial...

I have been a member of St. Pius X Parish for 43 years and a SPX alum. My eight older siblings and I have nothing but fond memories of this outstanding educational institution. I feel very blessed and fortunate to have been a part of this special community for all this time. The faith-based exposure has played a significant role in making me the person I am today. The SPX teachers are exceptional. They challenge their students beginning at the Kindergarten level and prepare them for the next chapter in their education. The family-like community surrounding the students further adds to the building blocks that will help make them solid individuals centered on Christ. My children currently attend SPX, and I would not have it any other way.
